

STEP Model 200

STEP Model 200 is a semi-automatic machine that wraps pallets at variable speed. Designed with a PLC Control panel to make operation simple and an installed wrapping programs, from single, cross wrap, cross-plus, and full. Promoting an ergonomic and compact solution for meeting production up to 20 pallets per hour.

Features:

1. Variable Speed: 20 pallets per hour
2. PLC Control Panel Installed
3. Automatic Height Detector
4. 4 Wrapping Programs
5. Film Dispenser with Modifiable Speed
6. Modifiable Mechanical Film Brake
7. 1650mm Turntable Diameter and a Robust Plate
8. Counter for Wrapping Cycle
9. Soft Start Turn and Frequency Inverter
10. Wraps Reinforcement, at any time during cycle

Options:

- Pre-stretch brake
- ATEX Version
- Sub Zero Temperature Version
- Turntable accessing ramp.
- Embedding frame.
- Powered film pre-stretch.
- Twin film holder.
- Powered top platen.
- Special top holder for flat loads.
- Load detection options: ultrasound.
- Platform 2000mm
- Platform 2400mm
- Platform 3000mm
- Column max. height 2800mm

SPECIFICATIONS:	
Speed	Max 20 pallets per hour
Turntable	Yes
Display	PLC Control Touch Screen
Wrapping Programs	4 Programs
Power	1KW
Turntable Diameter	1650mm
Turntable Plate Thickness	10mm
<i>Pallet Features</i>	
Wrapping Process	Vertical
Height	Maximum of 2400mm
Pallet Dimension	1200mm x 1100mm
Weight	Maximum of 2000kg
<i>Coil Features</i>	
Type	PE Sheet
Width	500mm
Thickness	Maximum of 50 Microns
Description of option	Item no. option
STEP Item No. (Standard Version)	43050200
STEP Item No. (Pre-stretch brake)	43050220
STEP Item No. (Access Ramp)	43050200-100
STEP Item No. (Top pressing device)	43050200-110
STEP Item No. (Platform 2000mm)	43050200-120
STEP Item No. (Platform 2400mm)	43050200-130
STEP Item No. (Platform 3000mm)	43050200-140
STEP Item No. (ATEX Version)	43050200-150
STEP Item No. (Sub Zero Temperature)	43050200-160
STEP Item No. (Column max. height 2800mm)	43050200-170
STEP Item No. (Ultrasound detector for black loads)	43050200-180
STEP Item No. (Pit frame platform 1650mm)	43050200-190
STEP Item No (Scale with Display)	43050200-200
STEP Item No (Powered Film Pre-Stretch)	43050200-210
STEP Item No (Twin Film Holder)	43050200-230
STEP Item No (Special Top Holder for Flat Loads)	43050200-240
STEP Item No (Stainless Steel Version)	43050200-250
