

PRESENTING

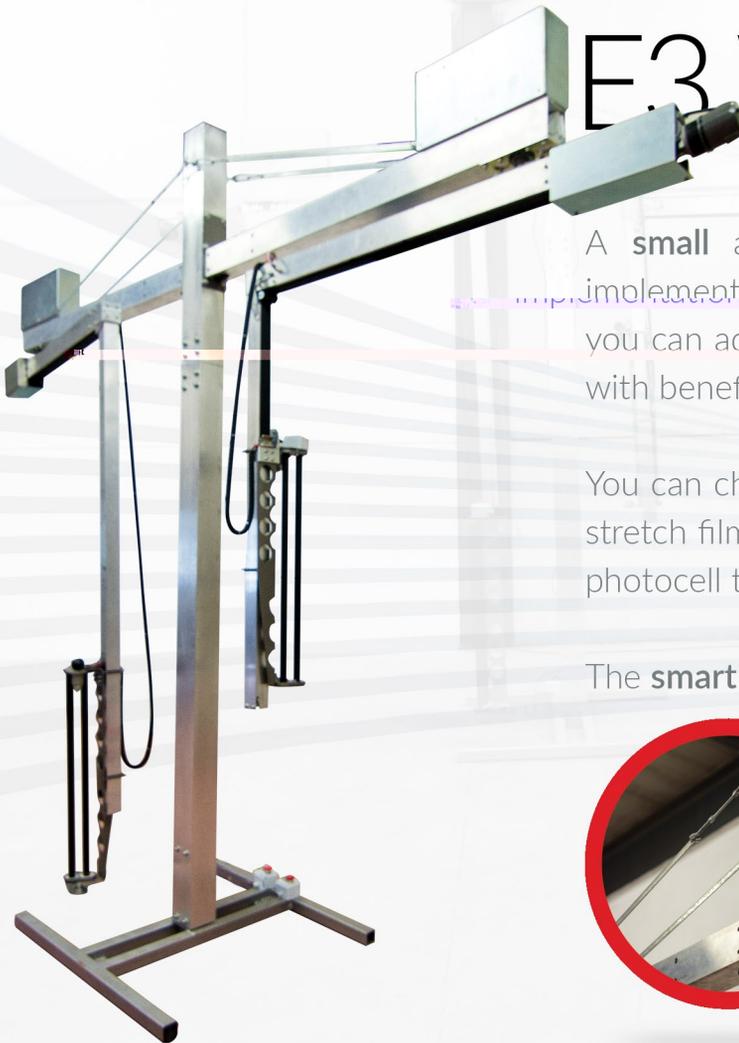

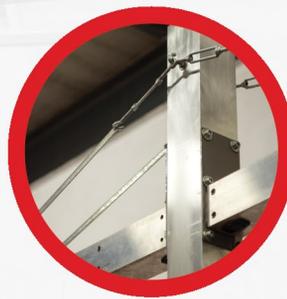

E3 WRAP 2100 *duo*

SEMI AUTOMATIC WRAPPING MACHINE

A **small** and **ergonomic** solution with a higher level of implementation on your production line. With an added scale you can add a new feature to a machine that's already packed with benefits.

You can choose to use the E3 WRAP 2100 *duo* work with pre stretch film as well. This pallet wrapper is also equipped with a photocell to **detect pallet height**.

The **smart motor** also automatically stops when it's obstructed.
