

STEP FBT-60 Flow Pack Machine for Cheese & Vegetables & more.

Electronic box-motion flow-pack machine with film roll from the bottom. Its main features are reliability and adaptability, which allow the machine to fulfill medium and high production requirements. Depending on the needs it can be combined with different automatic feeding systems, modified atmosphere options (MAP), aroma spraying unit to ensure longer shelf life and polyethylene version.

This machine, suitable solution for sticky products, can adjust the length of the bag according to the product length.

SPECIFICATIONS		
Model	STEP FBT-60 Flow Pack Machine	STEP FBT-70 Flow Pack Machine
Dimensions L x W	4700mm x 1100mm	4700mm x 1200mm
Seal	600mm	700mm
Speed	≤ 50-60/ min	≤ 50-60/ min
Power	400 V - 3ph - 50 Hz	400 V - 3ph - 50 Hz
Item Number	43854060	43854070

Box motion flow pack machine with film roll from the bottom:

- Main machine structure in steel with covers in stainless steel
- Product contact parts in stainless steel
- 2000 mm long infeed conveyor with nylon pushers
- 3 sets of wheels for longitudinal sealing with pneumatic opening
- Pre-heating bars
- Transverse continuous box motion sealing jaw
- Reel holder with air expanding shaft
- Discharge conveyor belt complete of AC motor
- 5 brushless servomotors
- Motorised film unwinding
- Control panel with a 7" HD touch screen
- Remote maintenance
