

STEP Strapping Seals & Buckles

STEP offers a wide variety of strapping seals and buckles to accommodate your strapping needs. Strapping seals and buckles are crucial accessories for securing the polypropylene (PP) straps during the strapping process.

Three Main Types of Strapping Seals:

- Metal Seals
- Plastic Buckles
- Metal Buckles

These metal seals comes in different shapes and sizes to answer various strapping needs.

Plastic and Steel/Metal Buckles

Are used to secure and tension PP straps by pulling the strap through the buckle. A special type of manual or semi-automatic strapping tool is used to tension the straps

Plastic Buckles	
59511300	Plastic Buckle 13S Black 1000pcs/carton
59511301	Plastic Buckle 13H White 5x1000pcs/carton MOQ 5000
59511600	Plastic Buckle 16S Black 1000pcs/carton
59511601	Plastic Buckle 16H White 5x1000pcs/carton MOQ5000

Metal Buckles for WG strap

Are used to secure and tension WG straps by pulling the strap through the buckle. A special type of manual or semi-automatic strapping tool is used to tension the straps

Metal Buckles for WG Strap Specifications			
Strap Width	Design	Pieces/ Carton	Item Number
9	Blank	1000	59510907
13		1000	59511307
16		1000	59511607
19		1000	59511907
25		500	59512507
38		200	59513807

Semi Open Metal Seals – STEP H-34, H-35 sealer and H-21 tensioner

Allows the seal to be placed along the strap. The strapping is sealed securely using a strapping tensioner and sealer. For use with STEP H-34 and H-35 when tensioning with STEP H-21 on PP strap.

Common type names: VZ2654, VZ2754, S12, S16

Open Type Seal Steel – Standard Length	
59511302	Semi Open Type 13 x30x0,5mm 2000pcs/box
59511602	Semi Open Type 16 x30x0,5mm 2000pcs/box

Semi Open Metal Seals – STEP H42 combination tool

Allows the seal to be placed between the jaws of the combination tools due to its shorter length. The strapping is sealed securely using a strapping combination tool. For use with H42 tensioning and sealer in one tool when using PP strap.

Open Type Seal Steel – Short Length	
59511304	Semi Open Type 13 x25-28x0,5mm 2000pcs/box
59511604	Semi Open Type 16 x25-28x0,5mm 2000pcs/box

Semi Open Metal Seals – HEAVY DUTY with CUT CORNER

Allows the seal to be placed along the strap. The strapping is sealed securely using a strapping hand tool or combination tool. Extra thick seal to allow even better securing and higher breaking strength in the seal point. Can be used for PP and PET strap using Sealer H-34, H-35 and other tools.

Open Type Seal Steel – HEAVY DUTY CUT CORNER	
59511305	Seal AV406 heavy duty with cut corners 13x32x0,6mm open 2000pcs/box
59511605	Seal AV506 heavy duty with cut corners 16x32x0,6mm open 2000pcs/box

Serrated Metal Seals – STEP H44 combination tool and other.

Serrated Metal seals are for use with PET strap and have serrated teeth on the inside to grip onto the strap securely which helps to improve the breaking strain of the strapping seal. Type names: RG13, RG16, RG 19, VZ2774

Serrated Metal Seals Heavy Duty			
Strap Width	Dimension	Pieces per Carton	Item Number
13	13x30x0,6	1000	59511309
16	16x30x0,6	1000	59511609
19	19x30x0,6	1000	59511909

Push type seals for PP and PET strapping

Closed push type seal
