

STEP iWrap Cling Film Machine

STEP iWrap is a vertical semi-automatic cling film packaging machine which is flexible in movement, suitable for distribution centers, fresh supermarkets and central kitchens.

TECHNICAL INFORMATION:

- **Efficiency Improvement and Cost Reduction** - Efficiency is 2-3 times higher than manual labor, saving labor costs
- **Touch Panel** - High definition touch control, concise interface, few operation steps
- **Simple Operation** - 220V/50HZ power plug and play, no need for compressed air
- **Flexible Collocation and Wide Application** - Suitable for both soft and hard trays. Trays available in variety of shapes, sizes and materials. All types of cling film are suitable
- **Stainless Steel Body** - Adopting advanced sheet metal technology, the overall structure is more sturdy. The whole machine is made of stainless steel, which is wear-resistant and corrosion-resistant

PRODUCT PARAMETERS:

Voltage	AC220V/50HZ
Temperature	10 - 30°C
Capacity	10 - 15 pcs/min
Packing Length	80 – 280 mm
Packing High	10 – 150 mm
Width of Film	250 – 450 mm
Weight	90 kg
Power	≈800W
Working Humidity	10 – 90% RH
Packing Weight	100 g – 3000 g
Packing Width	90 – 200 mm
Diameter of Film	160 mm
Screen	10.2 in, resolution 1024 x 600
Dimension	696 x 665 x 1010 mm
